3. It is a well known fact that recruitment process into Indian Army is fully transparent and automated, and no monetary transaction is involved at any stage. However, despite wide publicity, it has come to notice that various fraudulent activities are undertaken by touts all over the country. Some candidates or their parents are misguided by middlemen/touts and incidents of bribery has also been reported. These type of incidents influence the reputation of Indian Army as well as cause financial loss to the candidates and their parents.
4. In order to curb touting activities and to sensitise the candidates/parents/guardians to be beware of touts during recruitment process, it is requested to initiate necessary measures at your end to reduce/check such/similar activities at your end. It is further requested that an advisory to this effect may please be published in the local newspapers through your esteemed office. A suggested advisory is enclosed.
5. Your co-operation in this regard will be highly appreciated.
