2	Start date of downloading of documents (online)	27.12.2019 from 05.00 pm
3	Last date of downloading of documents (online)	16.01.2020 upto 06.00 pm.
4	Start date of submission of bid(online)	27.12.2019 from 05.00 pm
5	Last date of submission of bid (online)	16.01.2020 upto 06.00 pm.
6	Last date of submission of EMD online	16.01.2020 up to 06.00 pm.
7	Opening date of Technical Bid	20.01.2020 at 10.00 am.
8.	Date of Scrutiny of Technical Bid( Off line)	27.01.2020 (From 12.00 noon ) at the chamber of Block Development Officer, Mirik.
9.	Opening date of Financial Bid(Online)	30.01.2020 (from 10.00 am.)

10.	10. Date of Scrutiny of Financial Bid( Off line)	03.02.2020 (from 12.00 Noon) at the chamber of Block Development Officer, Mirik.
-----	--	--

Financial bids of those tenderers who qualify in technical bid will only be opened. Dates, if changed, due to un-avoidable circumstances, will be published in the said websites and the office notice board only without any individual intimation.

11. A tenderer may visit the site of works and its surroundings on his own cost in order to prepare bid for its submission.
12. No cost of Bidding shall be reimbursable by the Office of the Block Development Officer, Mirik. Authority may accept or reject any tender without assigning any reason, whatsoever, and is not liable for any cost that might that have been incurred by a Bidder.
13. **Refund of EMD:** The Earnest Money of all unsuccessful Tenderers will be refunded through online mode as per Memo No. 3975-F(Y) Dated, 28th July, 2016 of the Secretary to the Govt. of West Bengal, Finance Department, Audit Branch, Kolkata.
14. The Earnest Money deposited by a successful Tenderer will be converted into Security deposit and the balance amount for security deposit @ 8% of the bill value will be deducted from the bill at the time of payment to retain 10% of bill value of the total work done (final bill value) to form Security Money for performance of work. No interest on Security Deposit will be paid by the tender accepting authority.
15. Liquidated damage: The individual/agency who has been given/issued Work Order for a particular work/scheme must complete the work with the stipulated last date as mentioned in the NIT, Work Order and Conditions of Contract. A damage @ Rs. 100/- (Rupees one hundred) only per day shall be recovered as damage/penal charges for everyday of delay after the lapse of last date on which the work/contract is scheduled to be completed. Penalty shall be recovered by way of deduction from the bill value. The Tender Inviting Authority also reserves the right to cancel the contract where it is found that the individual/agency is unable to complete the work/project within the stipulated period of time without any reasonable ground. In case of cancellation of contract due to agency's/individual's inability to complete the work/scheme within the contracted date/tenure it shall be deemed that the agency/individual has failed to complete the contract.
16. Defect Liability Period:- The agency/individual will be liable to maintain the work at the service level to entire satisfaction of the Tender Inviting Authority for a period of 1(One) year from the date of successful completion of work. During defect liability period if any defect in the work is detected/discovered the agency shall be liable to make good such defect at his own cost. Inability to do so would be treated as sufficient ground for the forfeiture of the Security Deposit and taking such further civil action as may be found lawfully suitable.
17. Under circumstances such that the successful bidder withdraws from the work, the EMD submitted along with the bid shall be forfeited.
18. No interest will be paid on the EMD and Security Deposit.
19. The willing tenderers may remain present at the time of opening of Tender.
20. The Block Development Officer, Mirik reserves the right to cancel the N.I.T due to unavoidable circumstances and no claim in this respect will be entertained.
21. A tenderer's bid will be out rightly rejected with a forfeiture of his earnest money if it comes to the notice of the tender inviting authority during scrutiny that the credential or any other papers of a tenderer are manufactured/fabricated, etc.
22. The Tender Inviting Authority may verify the original credential & other original documents of the lowest tender, if found necessary, before issuance of the work order and the work order will not be issued in favor of the tenderer if it is found on verification that such document submitted by him is either manufactured or fabricated etc.,.
23. A clause stated in the later notification will supersede the corresponding one mentioned in former notification in following sequence:-
  - a) Tender Form as prescribed.
  - b) NIT.
  - c) Special terms & Conditions.
  - d) Technical bid.

e) Financial bid.

- 24 *If the rate quoted/offered by the successful bidder qualifying the technical bid seems to be non-feasible to the O/O the undersigned a cost analysis of individual item of the BOQ (Bill of Quantities) along with a justification for the same within 7 (Seven) days of opening of the financial bid shall be requisition/wanted by the O/O the undersigned. If the said rate is found to be unreasonable as compared to rates prevailing in the market the undersigned reserves the right to reject the bid even if such bidder is found to be LI.*
- 25 *The Technical details of the work may be altered if so found necessary by the Engineer-in-Charge within the Financial limit of the amount put to tender.*
- 26 *Any request for withdrawal of bid after opening of Financial Bid shall not be entertained.*

**Block Development Officer,  
Mirik**

**Special terms and conditions**

**C.1 General:**

Unless otherwise stipulated, all the works are to be done as per general conditions and general specifications as mentioned in the SOR specification of the relevant State Government Department. Discrepancy, if any, found in the arithmetical calculation in B.O.Q. should be brought to the notice of the Engineer-In-Charge before execution of work.

**C.2 Definition of BDO and Department:**

The word “BDO” means the Block Development Officer. The word “Department” appearing anywhere in the tender documents means Office of the Block Development Officer, Mirik.

**C.3 Terms & Conditions in extended period:**

The extended time for completion of work allowed by the BDO for cogent reasons will automatically revalidate the tender to the extended period with all the same terms and conditions.

**C.4 Co-operation with other agencies and damages and safety of road users:**

All works are to be carried out in close co-operation with the Department, any other contractor or contractors working in the area of work. The work should also be carried out with due regard to the convenience of the road users and occupants of the adjacent locality and precautions must be taken to guard against any chances of injury or accidents to workers, road users, occupants of the adjacent locality etc. Any damage to any property due to the negligence of the contractor, in the opinion of the BDO/Engineer-in-Charge, will have to be repaired promptly by the contractor at his own cost and expenses subject to the direction and satisfaction of the BDO/Engineer-in-Charge.

**C.5 Transportation arrangement:**

The contractor shall arrange for all means of transport including railway wagons required for carriage and supply of materials and also the materials required for the construction work. The Department may grant necessary certificates, if required, for booking of railway wagons etc. so as to avoid the hamper of work and no claim whatever on this ground will be entertained under any circumstances. Alternatively, the contractor will have to depend on transport of materials by road as necessary to complete the work without claiming any extra payment from department in this regard. The contractor must consider this aspect while quoting rate.

**C.6 Contractor's Site Office:**

The contractor shall have an office adjacent to the worksite as may be approved by the Engineer-in-Charge where all directions and notice of any kind whatsoever, which the Engineer-in-Charge or his representative may desire to give to the contractor in connection with the contract, may be left or sent by post to such office or delivered to the contractor's authorized agent or representative and such intimation to a contractor at the site office shall be deemed to have been duly served upon the contractor.

**C.7 Incidental and other charges:**

The cost of all materials, hire charges of tools and plants, labor, royalty on minor minerals/ road materials (if any), electricity and other charges of statutory local bodies, ferry charges, toll charges, loading and unloading charges, handling charges, overhead charges etc. inclusive of Sales Tax (Central and/or State), Income Tax, Octroi Duty/Terminal Tax, Turnover Tax, VAT etc. shall be deemed to have been covered by the rates quoted by a contractor. All other charges for the execution of the specified work, including supply of materials and related carriage, complete or finished in all respect should be to the entire satisfaction of the Engineer-in-charge of the work. No claim extra claim in this regard beyond the specified rate as per work schedule, whatsoever, in this respect will be entertained.

**C.8 Authorized Representative of Contractor:**

The contractor shall not assign the agreement or sublet any portion of the work. The contractor, may however, appoint an authorized representative in respect of one or more of the following purposes only.

- a) General day to day management of work.
- b) To give requisition for Departmental materials, Tools & Plants etc. to receive the same and sign hand receipts thereof.
- c) To attend measurements when taken by the Departmental Officers and sign the records of such measurements which will be taken as token of acceptance by the contractor. The selection of the authorized representative shall be subject to the prior approval of the BDO concerned and the contractor shall in writing seek such approval of the BDO giving therein the name of work, Tender No., the Name, Address and the specimen signature of the representative he wants to appoint and the specific purposes as specified here-in-above, which the representative will be authorized for. Even after first approval, the BDO may issue at any subsequent date, revise directions about such authorized representative and the contractor shall be bound to abide by such directions. The BDO shall not be bound to assign any reason for his revised directions. Any notice, correspondence etc. issued to the authorized representative or left at his address, will be deemed to have been issued to the contractor.

### **C.9 Contractor's Godown**

The contractor must provide suitable godowns with sufficient capacity for cement and other materials at the site of work. No separate payment will be made for these godowns or for the store yard. Cement and other materials found to have been damaged shall be rejected with a direction to remove these from the site by the contractor on his own cost as per direction of the Engineer-in-Charge.

### **C.10 Arrangement of Land:**

The contractor will arrange land for installation of his Plants and Machineries, his godown, store yard, labour camp etc. at his own cost for execution of the work. Departmental land, if available, may be spared for the purpose on usual charges as fixed by the Competent Authority.

The contractor shall clear and remove on completion of work and shed, huts etc. which he might have erected in land. If after such use, the contractor fails to clear the land, the Engineer-in-Charge will arrange to remove those installation and adequate recovery will be made from the dues of the contractor.

### **C.11 Sundry Materials:**

The contractor must erect temporary pillars, master pillars etc. as may be required in suitable places as directed by the Engineer-In-Charge at his own cost before starting and during the work by which the departmental staff will check levels layout of different works and fix up alignment and the contractor shall have to maintain and protect the same till completion of the work. All machineries and equipments like Level Machine, Staff, Theodolite etc. and other sundry material like pegs, strings, nail flakes instruments etc. and also skilled labour required for setting out the levels for laying out difference structures and alignment shall also be supplied by the contractor as per direction of Engineer-in-Charge at his own cost without any extra claim towards the department.

### **C.12 Supplementary / Additional items of Works:**

Notwithstanding the provisions made in the related printed tender form any item of the work which can be legitimately be considered as not stipulated in the specific price schedule of probable items of work but has become necessary as a reasonable contingent item during actual execution of work will have to be done by the

Contractor, if so directed by the BDO/Engineer-in-Charge and the rates will be fixed in the manner as stated below: -

- (a) Rate of Supplementary items shall be analyzed in the 1st instant extended possible from the rates of the allied items of work appearing in the tender schedule.
- (b) Rate of supplementary items shall be analyzed to the maximum extent possible from rates of the allied items of work appearing in the Department schedule of rates of probable items of work forming part of tender document Rates for the working area enforce at the time of N.I.T.
- (c) In Case, addition items do not appear in the above Department Schedule of Rates, such items for the works shall be paid at the rates entered in the Department Schedule of Rates for the working area enforce at the time of N.I.T.
- (d) If the rates of the supplementary items cannot be computed even after applications of clauses stated above, the same shall be determined by analyses from market rates of material, labour and carriage cost prevailing at the time of execution of such items work. Profit and overhead charges (both together) at 10% (Ten percent) will be allowed only; the contractual percentage will not be applicable. Unbalanced market rates shall never be allowed Contractual percentage shall only be applicable with regard to the portions of the analysis based on clauses (a), (b), (c) & (d) stated above only. It may be noted

that the cases of supplementary items of claim shall not be entertained unless supported by entries in the Work Order Book or any written order from the tender accepting authority.

### **C.13 Covered up works:**

When one item of work is to be covered up by another item of work the latter item shall not be done before the formal Item has been measure up and has been inspected by the BDO/Engineer-in-Charge or the Sub-Divisional Officer/Assistant Engineer, as the authorized representatives of the BDO and order given by him for proceeding with the latter item of work.

### **C.14 Approval of Sample:**

Samples of all materials to be supplied by the contractor and to be used in the work shall have to be approved by the Engineer-in-Charge and checking the quality of such materials shall have to be done by the concerned Department or as directed by Engineer-in-Charge prior to utilization in the work

### **C.15 Water and energy:**

The contractor shall have to arrange on his own cost, required energy for operation of equipments and machineries, for operating of pumping set, illuminating work site, office etc. that may be necessary in difference stages of execution of work. No facility of any sort will be provided for utilization of the departmental sources of energy existing at site of work. Arrangement for obtaining water for the work should also be made by the contractor at his own cost. All cost for getting energy and / or for any purpose whatsoever will have to be borne by the contractor for which no claim will be entertained. All materials, tools and plants and all labour (skilled and unskilled) including their housing, water supply, sanitation, light, procurement of food for contractors staff & crews, medical aids etc. are to be arranged for by the contractor at his own cost. The cost for transportation of labour, materials and all other incidental items as required for work shall also have to be borne by the Contractor without any extra claim from department.

### **C.16 Road opened to traffic:**

It should be clearly understood that the contractor will be responsible to keep the road open to all kinds of traffic during execution of the work. The work should be so arranged and the programme of work must be so adjusted as not disturb the smooth flow of road traffic in any way. If necessary diversion road should be provided and maintained by the contractor at his own cost for the entire period of work, if not separately provided in the tender. The Contractor should take all necessary precautions including guarding, lighting and barricading as necessary, to guard against the chances of injury or accident to the road user and traffic and ferry users during execution of the work for which nothing extra will be paid except otherwise mentioned in specific price schedule. The contractor will also indemnify the Department against consequences of any such injury or accident, if so happens, as per opinion of the BDO/Engineer-in-Charge, due to contractor's fault in compliance with any of such obligations. Suitable road sign as and where necessary should be provided by the contractor at his own cost as per direction of the BDO/Engineer-in-charge and shall also be maintained till the completion of the work. Road barriers with red light at night are to be placed where the existing surface is disturbed with proper road signs. All these shall be done at the cost of the contractor without any extra claim towards department.

### **C.17 Drawings:**

All works shall be carried out in conformity with the drawings supplied by this Department. The Contractor shall have to carry out all the works according to the departmental General Arrangement Drawing and Detail Working Drawings to be supplied by the Department from time to time.

### **C.18 Serviceable Materials:**

The responsibility for stacking the serviceable materials (as per decision of the Engineer-in-Charge) obtained during dismantling of existing structures/roads and handing over the same to the Engineer-in-charge of work of this Department lies with the contractor and nothing will be paid on this account. In case of any loss or damage of serviceable materials prior to handing over the same to this Department, full value will be recover from the Contractor's bill at rates as will be assessed by the BDO/Engineer in-charge.

### **C.19 Unserviceable Materials:**

The Contractor shall remove all unserviceable materials, obtained during execution at place as directed. The contractor shall dressed up and clear the work site after completion of work as per direction of the BDO/Engineer-in-Charge. No extra payment will be made on this account.

### **C.20 Contractor's risk for loss or damage:**

All risk on account of railway or road carriage or carriage by boat including loss or damage of vehicles, boats, barges, materials or labour, if any, will have to be borne by the contractor without any extra claim towards department.

**C.21 Idle labour & additional cost:**

Whatever may be the reason no claim on idle labour, enhancement of labour rate additional establishment cost, cost of Toll and hire and labour charges of tools and plants, railway freight etc. would be entertained under any circumstances

**C.22 Charges and fees payable by contractor:**

a) The contractor shall pay all fees required to be given or paid by any statute or any regulation or by-law of any local or other statutory authority which may be applicable to the works and shall keep the department against all penalties and liabilities of every kinds for breach of such statute regulation or law.

b) The Contractor shall save, harmless and indemnify the department from and against all claims, demands, suit and proceedings for or an account of infringement of any patent rights, design, trade mark of name of other protected write in respect of any constructional plant, machine, work, materials thing or process used for or in connection with works or temporary works or any of them.

**C.23 Issue of Departmental Tools and Plants:**

All Tools and Plants required for the work will have to be supplied by the Contractor at his own cost; all cost of fuel and stores for proper running of the Tools and Plants must be borne by the Contractor

**C.24 Realization of Departmental claims:**

Any some of money due and payable to the contractor (including security deposit returnable to him) under this contract may be appropriated by the Government and set off against any claim of Government for the payment of sum of money arising out of this contract or under any other contract made by the contractor with the Government.

**C.25 Compliance of different Acts:**

The contractor shall comply with the provisions of the Apprentices Act, 1961, Minimum Wages Act, 1848. Contract Labour (Regulation and Abolition) Act 1970 and the rules and orders issued hereunder from time to time. If he fails to do so, Engineer-in-Charge or of the concerned division may at his discretions, take necessary measure over the contract. The Contractor shall also make himself for any pecuniary liabilities arising out on account of any violation of the provision of the said Act(s). The Contractor must obtain necessary certificate and license from the concerned Registering Office under the Contract Labour (Regulation & Abolition) Act, 1970. The contractor shall be bound to furnish the Engineer-In-Charge all the returns, particulars or date as are called for from time to time in connection with implementation of the provisions of the above Acts and Rules and timely submission of the same, failing which the Contractor will be liable for breach of contract and the Engineer-in-Charge may at his discretion take necessary measures over the contract.

**C.26 Safety, Security and Protection of the Environment:**

The Contractor shall, throughout the execution and completion of the Works and the remedying of any defects therein:

(a) have full regard for the safety of all persons and the Works (so far as the same are not completed or occupied by the department),

(b) provide and maintain at his own cost all lights, guards, fencing, warning signs and watching, when and where necessary or required by the Engineer-in-Charge for the protection of the Works or for the safety and convenience of the public or others,

(c) take all reasonable steps to protect the environment on and off the Site and to avoid damage or nuisance to persons or to property of the public or others resulting from pollution, noise or other causes arising as a consequence of his methods of operation,

(d) ensure that all lights provided by the Contractor shall be screened so as not to interfere with any signal light of the railways or with any traffic or signal lights of any local or other authority.

**C.27 Commencement of work:**

The work must be taken up within the date as stipulated in the work order and completed in all respects within the period specified in Notice Inviting Tender.

**C.28 Programme of work:**

Before actual commencement of work the contractor shall submit a programme of construction of work with methodology clearly showing the required materials, men and equipment. The contractor will submit a programme of construction in the pattern of Bar Chart or Critical Path Method and a time table divided into four equal periods of progress of work to complete the work within the specific period for approval of the Engineer-In-Charge who reserves the right to make addition, alterations and substitutions to such programme in consultation with the contractor and such approved programme shall be adhered to by the contractor unless the same is subsequently found impracticable in part or full in the opinion of the Engineer-In-Charge and is modified by him. The contractor must pray in writing, showing sufficient reasons therein for modification of programme. The conditions laid down in clause 2 of the printed

tender form regarding the division of total period and progress to work and the time table there for as provided in the said clause shall be deemed to have been sufficiently complied with the actual progress of work and does not fall short of the progress laid down in the approved time table for one fourth, half and three fourth of time allowed for the work.

### **C.29 Setting out of the work:**

The contractor shall be responsible for the true and perfect setting out of the work and for the correctness of the position, levels, dimensions and alignments of all parts of work, if any rectification or adjustment becomes necessary the contractor shall have to do the same at his own cost according to the direction of the Engineer-in- Charge. During progress of works, if any, error appears or arises in respect of position, level, dimensions or alignment of any part of the work contractor shall at his own cost rectify such defects to the satisfaction of the Engineer-in-Charge. Any setting out that may be done or checked by either of them shall not in any way relieve the contractor from their responsibility for correctness and rectification thereof.

### **C.30 Precautions during works:**

The contractor shall carefully execute the work without disturbing or damaging underground or overhead service utilities viz. Electricity, Telephones, Gas, Water pipes, Sewers etc. In case disturbances of service utilities is found unavoidable the matter should immediately be brought to the notice of the Engineer-in-Charge and necessary precautionary measures as would be directed by the Engineer-in-Charge shall be carried out at the cost and expenses of the contractor. If the service utilities are damaged or disturbed in any way by the contractor during execution of the work, the cost of rectification or restoration of damages as would be fixed by the Engineer-In-Charge concerned will be recovered from the contractor.

### **C.31 Testing of qualities of materials & workmanship:**

All materials and workmanship shall be in accordance with the specifications laid down in the contract and also as per M.O.R.T. & H's specification for Road and Bridge Works (Latest Revision) and relevant IS codes and the Engineer-In-Charge reserves the right to test, examine and measure the materials/workmanship direct at the place of manufacture, fabrication or at the site of works or any suitable place. The contractor shall provide such assistance, instrument, machine, labour and materials as the Engineer-in-Charge may require for examining, measuring and testing the works and quality, weight or quantity of materials used and shall supply samples for testing as may be selected and required by the Engineer-in-Charge without any extra cost. Besides this, he will carry out tests from outside Laboratory as per instruction of Engineer-in-Charge. The cost of all such tests shall be borne by the agency and that must be considered during quoting rate.

### **C.32 Timely completion of work:**

All the supply and the work must have to be completed in all respects within the time specified in Notice Inviting Tender from the date of commencement as mentioned in work order. Time for completion as specified in the tender shall be deemed to be the essence of the contract.

### **C.33 Procurement of materials:**

All materials required to complete execution of the work shall be supplied by the contractor after procurement from authorized and approved source.

### **C.34 Rejection of materials:**

All materials brought to the site must be approved by the Engineer-In-Charge. Rejected materials must be removed by the Contractor from the site within 24 hours of the issue of order to that effect. In case of non-compliance of such order, the Engineer-In-Charge shall have the authority to cause such removal at the cost and Expense of the contractor and the contractor shall not be entitled to claim for any loss or damage of that account.

### **C.35 Implied elements of work in items:**

Except of such items as are included in the Specific Priced Schedule of probable items and proximate quantities no separate charges shall be paid for traffic control Measures, shoring, shuttering, watering, curing etc. and the rates of respective Items or works are to be deemed as inclusive of the same.

### **C.35 Damaged cement:**

Any cement lying at contractor's custody which is found at the time of use to have been damaged shall be rejected and must immediately be removed from the site by the contractor or disposed of as directed by Engineer-in-Charge at the costs and expenses of the contractor.

### **C.36 Issue of Departmental Materials:**

Departmental materials will not be issued under any circumstances.

### **C.37 Force Closure:**

In case of force closure or abandonment of the works by the Department the contractor will be eligible to be paid for the finished work and reimbursement of expenses actually incurred but not for any losses.

### **C.38 Tender Rate:**

The contractor should note that the tender is strictly based on the rates quoted by the Contractor on the priced schedule of probable item of work. The quantities for various other items of works as shown in the priced schedule of probable items of works are based on the drawing and design prepared by the Department. If variations become necessary due to design consideration and as per actual site conditions, those have to be done by the contractor at the time of execution at the rate prescribed in the tender condition. **No conditional rate will be allowed in any case.**

### **C.39 Delay due to modification of drawing and design:**

The contractor shall not be entitled for any compensation for any loss due to delays arising out of modification of the drawing, addition & alterations of specifications.

### **C.40 Additional Conditions:**

A few additional conditions under special terms and conditions:

C.40.1. Rate quoted shall be inclusive of clearing site including removal of surplus (both serviceable & unserviceable) earth, rubbish, materials etc. as per direction of the Engineer-in-Charge.
